

SMART 880

LED grow light

Why NOKOTECH?

Not only are all our products made of high-quality materials using industry-leading technologies, but they are designed to be easy to transport, install, and use. We think it all.

Why choose SMART 880?

- Has an integrated LCD that works as a master controller unit
- 4 kinds of spectrums combinations for the highest yields
- Very high PPF and efficacy levels: 2300 $\mu\text{mol/s}$ and 2.7 $\mu\text{mol/j}$
- Possibility to connect UV/IR bars

Specifications

The BEST value for MONEY

MAX POWER - 880W

In combination with UV/IR bars, the SMART 880 has 4 full-spectrum outputs with a max of 880W power.

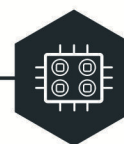

PPE - 2.7 $\mu\text{mol/j}$

With a great efficacy level and low heat emission, it saves much on electricity costs and delivers higher yields.

PPF - 2300 $\mu\text{mol/s}$

Impressive PPF output gives more light so it is the top choice for any scale indoor growers.

High Quality LEDs

High-quality San'an (white) and Osram (red) LEDs create a balanced full spectrum light.
